

LANTERN PARADE

Dalby Welcoming Community is excited to be planning Dalby's Delicious & DeLIGHTful Festival for 2021 and especially the Lantern Parade for Saturday 28th of August 2021.

The theme for the lanterns this year is

DALBY – IT'S THE PEOPLE.

This year Dalby Welcoming Community plans to feature the amazing lanterns at the festival much more than previously – they will ring Anderson Park and be in school and kindy groups for people to see and admire during the day.

The BIG Lanterns will be interspersed among the smaller lanterns. At night this will enable children to more easily locate their lanterns for the actual parade. This strategy will also assist us with our Covid safe plan.

As the lanterns will be outdoors for a longer time, we will be experimenting with materials so that the Lanterns will withstand our windy weather conditions in August a little better.

BIG LANTERNS

This year we are again producing our very own BIG lanterns. We believe that, apart from Lismore, who builds and hires out big lanterns, we are the only community who creates their own BIG lanterns for their festival. We would be very excited to have community groups, businesses, families and individuals involved in building a BIG Lantern. Some ideas we have brainstormed for the big lanterns include a

- Kangaroo
- Silo
- Tractor
- Windmill
- Sunflower
- Dalby Devil
- Netball etc

but we are sure you will have lots of ideas about what we see in Dalby.

Cost towards materials for a BIG lantern is \$50 if you wish to keep your lantern. We will have people who can help you get the frame built and lighting installed. Once that is done, the rest is easy! We will be experimenting with other covering materials this year e.g. sheeting, etc

We believe there are a number of options for people building a BIG Lantern

- **Totally building your own lantern**
- **Working with Yuan to create the BIG Lantern frame and install the lighting and you do the rest**
- **Having the frame created for you and lighting installed and you cover and decorate your lantern**
- **You simply decorate a BIG Lantern**

Please phone Tracey on 0491240801 or Beth on 0419645671 if you have any questions and to organize a time that suits your group, organisation or business. If there are a number of groups wanting to work on the same day, we will try to set up a general workshop – these will be held at 11 Cunningham Street (next to the Russell Tavern)
